

Winter 2018

Dear Central Parents,

Attached you will find registration and class information for the winter session of Central After School Clubs through the Wilmette Park District. Our winter session runs January 8 – March 23. Classes are nine to eleven weeks long, depending on the season and the day of the week. All participants can register through the Wilmette Park District starting on Tuesday, November 28 at 9:00 am. If you do not currently have a household account with the Park District, please set one up prior to November 28. Please note that this information is only on the Wilmette Park District website and not in our Explore Guide. **The registration deadline will be two business days before the club is scheduled to start. Late registration will go onto a waitlist. You will be contacted if we are able to add your child into the club. Please do not let the waitlist deter you from registering; there may still be room to add your child into the class.**

The Park District will have an On-Site Coordinator at Central School from 3:00 pm through end of classes and pick-up. Children are expected to be picked up on-time. Parents will incur a late fee of \$10 for every ten minutes they are late to pick-up. To reach the On-Site Coordinator, please call 224-725-7290 starting at 3:00 pm, only while After School Clubs are in session. If you need to reach someone outside of the After School Club time, please contact Jen Bolich at 224-725-8217.

Students will be dismissed from their classroom and checked in at the cafeteria by the After School Club Coordinator immediately after 3:15 pm dismissal. Students registered for Friday classes will be supervised by school staff and must stay in school until the start of class. The children will be dismissed from the front entrance of school at the end of class.

****Please note:** After School Clubs are not guaranteed to run unless they meet their minimum registration requirement. Minimum requirements vary for each club. **Clubs are not meant to substitute for childcare.**

In compliance with the school snack policy, children may only bring a fruit or vegetable snack to have prior to class starting. The Park District will not be providing any snacks. Please see the attached schedule.

If you have any questions, please contact me at jbolich@wilpark.org.

Sincerely,

Jen Bolich
Recreation Activity Coordinator
Wilmette Park District

Wilmette Park District Central After School Club Program

**Registration Begins
November 28, 2017 - 9:00 am**

You may register in person at any Wilmette Park District facility or at www.wilmettepark.org

Bit Space Hands-On Design and Construction

Our Bits class is a next-generation shop class for budding young makers and creative problem solvers. Students will participate in hands-on design and construction projects utilizing a combination of hand tools and small power tools to craft things from real materials. And the best part is that students get to keep whatever they make!

Boys Break Dance by Chicago Loves Dance

Under the creative direction of skilled Chicago Loves Dance break dancers, students will learn choreography and poses show off their creativity in freestyle sessions and more. Chicago Loves Dance runs on the philosophy that dance should open your child's creative abilities and should be FUN! We pride ourselves on teaching the self-esteem and socialization needed in everyday life through the activity of dance and performance. The last day of the class will be a parent watch day where dancers will do a short performance to show off their new talents.

Chess Enrichment

This program will offer professional instruction in the magical, fun game of chess. It will also provide students training in life skills like decision making, responsibility, focus, concentration and problem solving. It is well documented that a student who learns and plays chess does better academically. Chess Enrichment will continue to provide this enrichment program.

Cooking for Life

Students will prepare, cook and enjoy hands-on cooking classes featuring good tasting and good for you recipes from Creative Kids Corner in this “Food for Life” series. Each child will prepare, cook and enjoy a new dish each week that emphasizes fresh seasonal ingredients and will learn why these foods promote good health. Young chefs will learn culinary basics and terms, use a wide variety of culinary tools, and discover how easy and enjoyable cooking can be at any age! Students leave with pride, smiles, and the day’s recipe for their own cookbooks. Specific dietary concerns are incorporated while following a nut-free curriculum. All food allergies, sensitivities, and special accommodations should be communicated immediately so the instructor can make accommodations if possible. Please contact Jen Bolich at jbolich@wilpark.org.

Craft Club

Are you the crafty, creative type? "Crafty Kid" is a next level craft club! Central's own Ms. Potakis will lead students in creating a new craft to bring home every week! We'll make a variety of projects including a seasonal decoration, a canvas art piece, and a mason jar craft, just to name a few! We'll also learn how to repurpose something old into something new. (If your child has taken Craft Club before, they will be able to make more advanced versions of some repeated crafts.) Supplies are included in fee.

No class: Jan. 15, Feb. 19, Mar. 21.

Dodgeball by On the Go Sports

Fun + Exercise + Movement Skill + Agility = OTG Sports Dodgeball. This clinic gives all participants an opportunity to play this popular game in a safe and controlled environment with responsible supervision. The class helps to develop footwork, movement skill, hand-eye coordination and anticipation. It also increases mobility, balance and flexibility. Come out and have a blast in a very safe, fun and energetic atmosphere!

No class: Jan. 19, Feb. 2, Mar. 9.

Let's Build It Snap Circuits

Exciting Electronics is an exhilarating, cutting-edge area of engineering. In this unit, students will design, build, and test various circuits and electronic projects. Instructors will guide students through core concepts of electrical engineering and will introduce them to circuits and electrical components. Students will use hands-on projects and experiments to explore how electricity is part of our daily lives. No previous experience is necessary, just a desire to learn and build. Projects will include various sound producing circuits, musical instruments, a simulated telephone, and even their own radio...and radio station! Each student will receive an award on the last day of the session, as well as the opportunity to earn Energy Belts to demonstrate their learned skills.

No class: Mar. 21.

312364-01 M 3:30 – 4:30pm 1/8 – 3/19

Mobile App Development

Enjoy TWO great programs in one! Learn how to be a developer and create apps for an iPhone or Android. Students learn the essentials of designing and programming mobile apps. Working with a partner, they will use AppShed and explore key coding concepts, easing into the first steps of Java programming while having fun creating fully functioning apps! Python is a powerful, expressive programming language that's easy to learn and fun to use! Working with a partner, we will guide you through the basics as you experiment with unique (and often hilarious) programs including secret agents, thieving ravens, and more. Work on programming puzzles designed to stretch your brain and strengthen your understanding of this new language! You'll learn basic data structures like lists and maps and how to organize and reuse your code with functions and modules.

No class: Jan. 19, Feb. 2, Mar. 9.

312303-01 F 3:30 – 4:30pm 1/12 – 3/23

Non-Contact Football by On-the-Go Sports

This high energy non-contact football clinic teaches the fundamental of the sport, including passing, receiving, blocking, route running and more. Additionally, the class will focus on teamwork and discipline. Participants will receive top-notch instruction from coaches who have played the sport on a collegiate or professional level. Classes will also include scrimmages and occasional guest speakers. On-the-Go Sports is lead by former Northwestern Star and Chicago Bear Chris Martin.

No class: Jan. 15 & Feb. 19.

Stage Stars

It's your time to shine; it's acting time! In Stage Stars, children will learn theater terms, play games, and act in short skits. During theater games, students will use their creativity to communicate and improvise. The carefully selected skits are based on folk tales that teach cooperation and positive moral values. Every student will have the opportunity to play at least one lead role per session. Also, Stage Stars participants can earn prizes for identifying and explaining parts of a skit and goals of the characters. Each child will receive a participation award. Parents are invited to attend the final performance on the last day of class!
