

Fall 2019

Dear McKenzie Parents,

Attached you will find registration and class information for the fall session of After School Clubs through the Wilmette Park District. The Fall 1 session runs Tuesday, September 9 – Friday, October 18. The Fall 2 session runs Monday, October 21 – Friday, December 20. Please note the days off for each particular day. All participants can register through the Wilmette Park District starting on Tuesday, August 27 at 9:00 am. If you do not currently have a household account with the Park District, please set one up prior to this date. Please note that this information is only on the Wilmette Park District website and not in our Explore Guide. **The registration deadline will be two business days before the club is scheduled to start. Late registration will go onto a waitlist. You will be contacted if we are able to add your child into the club. Please do not let the waitlist deter you from registering; there may still be room to add your child into the class.**

The Park District will have an On-Site Coordinator from 3:00 pm through end of classes and pick-up. Children are expected to be picked up on time. Parents will incur a late fee of \$10 for every ten minutes they are late to pick-up. To reach the On-Site Coordinator, please call **224-725-7290** starting at 3:00 pm, only while After School Clubs are in session.

Students will be dismissed from their classroom and checked in at the cafeteria by the After School Club Coordinator immediately after 3:15 pm dismissal. Students registered for Friday classes will be supervised by school staff and brought to the cafeteria for check in at 3:15 pm. Participants must stay in school until the start of class. The children will be dismissed from the front entrance of school at the end of class.

****Please note:** After School Clubs are not guaranteed to run unless they meet their minimum registration requirement. Minimum requirements vary for each club. In compliance with the school snack policy, children may only bring a fruit or vegetable snack to have prior to class -- starting. The Park District will not be providing any snacks. Please see the attached schedule.

-If you have any questions, please contact me at kbarton@wilpark.org or 847-256-9602

Sincerely,
Kimberly Barton
General Recreation Supervisor
Wilmette Park District

Wilmette Park District McKenzie After School Club Program

**Registration Begins
Tuesday, August 27 at 9:00 am**

You may register in person at any
Wilmette Park District facility or at
www.wilmettepark.org

Monday

Chess Enrichment Program by Chess-Ed

Learn to play and enjoy the "Sport of the Mind"--CHESS. This is an exciting class that takes the student to a new level of expertise. Whether they are beginners or continuing and competitive, the lessons are geared to enhance each student's level of play. Studies continue to confirm that the student that plays and studies chess does better academically. Chess will develop analytical and critical thinking skills, decision making, responsibility for choices, sportsmanship, focus, concentration, and patience in all they do. They will be studying opening theory, middle game planning and endgame combinations, plus tactics and strategies to enhance their skill set.

Dodgeball by Hot Shots Sports

Dip, dodge, duck, and throw! This class, instructed by Hot Shots Sports, provides participants with an opportunity to play the popular game in a safe and supervised environment. The program uses super soft balls and safety will be stressed. Each week players will learn new variations of the game, keeping class fresh and the children having fun. Time limits are placed on all games so no participant ever sits out too long.

Stage Stars by Afterschool Enrichment

It's your time to shine; it's acting time! In Stage Stars, children will learn theater terms, play games, and act in short skits. During theater games, students will use their creativity to communicate and improvise. The carefully selected skits are based on folk tales that teach cooperation and positive moral values. Every student will have the opportunity to play at least one lead role per session. Also, Stage Stars participants can earn prizes for identifying and explaining parts of a skit and goals of the characters. Each child will receive a participation award.

Let's Build It-Robotics, Gears and Gizmos by Afterschool Enrichment

Enter into the fascinating world of robotics. In this exciting STEAM program, students will design, build and test their very own robots under the guidance of an experienced AES instructor. Projects include remote control cars, claws, cranes, crawlers, and battle bots. Educational components include gear ratios, mechanical design, electronics, and robotics engineering. No previous experience is necessary, just a desire to have fun, build, and learn. Each student will receive an award on the last day of the session, and have the opportunity to earn Energy Belts to demonstrate their learned skills!

Javascript Coding: Build Mods with Minecraft by TechStars

Learn how to make the coolest mods in Minecraft! Our dream is to make modding Minecraft as easy as apple pie! Our proprietary software empowers Minecraft players (whether or not you know how to code) to imagine, create, and share amazing mods, texture packs, and schematics. LearnToMod helps you turn your mod ideas into reality! Parents, stop fighting your kids passion for Minecraft and embrace it as a tool for learning. By modding Minecraft, students can learn a real-world skill that leads to high-earning jobs. Students will start their Minecraft modding journey using drag-and-drop Blockly programming and, when they're ready, graduate to Javascript.
